

Team Involvement in Demonstration

Date	04 July 2026
Team ID	XXXXXX
Project Name	Credit Card Approval Prediction
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the Credit Card Approval Prediction project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S. No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Alia Suhana	Presenter / Team Lead	Introduction & Problem Statement	Explained the challenge of manual credit card application screening and introduced the ML-based automated solution.	Active
2	Kamakshi Karri	Technical Presenter	Solution Overview & Architecture	Walked through the technical architecture diagram, explaining the Flask backend and ML model flow.	Active
3	Karri Pujitha	ML Presenter	Model Training & Feature Engineering	Demonstrated the CreditCard.ipynb notebook, covering dataset preparation and model selection.	Active
4	Mallampati Bhanu Keerthi	Application Demonstrator	Live Application Walkthrough	Ran the live demo — submitted sample applicant data and showed both Approved and Rejected outcomes.	Active
5	Bellamkonda Venkatesh	Technical Presenter	Error Handling & Edge Cases	Explained how invalid or missing form inputs are gracefully handled via try/except logic in app.py.	Active
6	Alia Suhana	Team Lead / Moderator	Q&A and Closing Remarks	Moderated the Q&A session and summarized the project's future scope and roadmap.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Alia Suhana

Overall Team Coordination Rating (1-5)	5
Any issues during demo	A brief delay occurred while switching between the Jupyter notebook and the live Flask application windows during the walkthrough.
How issues were resolved	The team pre-arranged the window/tab order and ran a full dry-run rehearsal beforehand to streamline transitions during the actual demo.
