

Project Initialization and Planning Phase

Date	02 July 2026
Team ID	xxxxxx
Project Name	Credit Card Approval Prediction System
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A male applicant seeking a loan.	Secure a loan for the property	Married with no co-applicant income.	Self-employed with a good credit history.	Optimistic about loan approval.

Problem Statements: Credit Card Approval Prediction System

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A bank credit analyst reviewing incoming credit card applications.	Quickly screen applicants and prioritize the ones that need further manual review.	each application has to be checked manually against several financial risk factors.	manual review is slow and prone to human error at scale.	overwhelmed by the daily volume of applications.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-2	A financial compliance officer monitoring high-risk applicants.	identify applicants with past-due loan records before a new card is issued.	payment status data is spread across multiple, hard-to-interpret multi-class codes.	risk cannot be assessed consistently without simplified, standardized labels.	anxious about approving a high-risk applicant by mistake.
PS-3	A prospective customer interested in applying for a credit card.	understand whether I am likely to be approved before submitting a formal application.	there is no way to check my eligibility without going through the full application process.	an unnecessary rejection can hurt my credit score and waste my time.	uncertain and hesitant about applying.
